BLOODSTOCK GUIDE

INFORMATION PROVIDED BY

RACING AND **SPORTS**

RACING AND SPORTS

LAB Racing and Racing and Sports are proud to deliver a comprehensive analysis of horses being offered for sale in the upcoming Arqana November Catalogue.

Horses are profiled by each Lot and assigned to one page. All race-starts are listed along with standard data such as date, track, distance.

Additional features include:

- positions-in-running throughout the race
- distance from the leader at each recorded point
- comments-in-running
- subsequent winners highlighted
- record on various track going
- performances travelling left, right, or straight
- statistics using various pieces of gear

LAB Racing Analysts deliver a summary of each horse and there is an area on each page for the user to add comments.

The peak official rating of the horse along with the current rating is shown. Significantly, the Racing and Sports proprietary rating has been included. For more than twenty years Racing and Sports has been the appointed Southern Hemisphere representative of Timeform.

By request, LAB Racing and Racing and Sports also provide a service supplying sectional times for most races across France. These are recorded at multiple points throughout a race.

Both LAB Racing and Racing and Sports hope this data will provide you with a greater insight into the horses' background and ability.

This striking three-year-old offered by Fabrice Chappet stands out on paper. A three-time winner from seven outings, the progressive son of The Grey Gatsby arrives following a smooth success in the G3 Prix de Lutèce at Longchamp. It was his first attempt over the 3000m trip and with further improvement likely over staying distances, it's easy to see that he will be high on the shortlist of many purchasers. The dam, Moonee Valley, was a Group Three winner in her own right and has already produced seven winners from three runners. With what looks an ever-rising French rating of 49 it's not hard to see him being involved in top-class races in the near future.

An interesting four-year-old son of Dariyan on offer by the Frederic Head stable. A three-time scorer in his career thus far he looked a nice prospect when winning a Class Two handicap over the 2100m at Saint-Cloud in May. That form has worked out nicely with the second and third winning since. He was disappointing at Deauville last-time-out but had run well when a close-up fourth off 0.5kg higher at Lyon-Parilly (2000m) prior and has certainly done more than enough to suggest this mark is workable. He is a half-brother to winners Andor and Youmdor.

Offered by the François Monfort stable this three-time winner would surely be a positive acquisition for her new purchasers. The form of her recent Class Three handicap win over 1400m at Longchamp looks solid for the grade with both the runner-up and third-placed horse scoring since. It's worth considering she held some nice form on the AW when trained in the UK. All three wins have come over 1400m and she should enjoy a productive winter if campaigned on the AW.

An artificial surface looks key to this three-year-old daughter of Profitable who although has form on turf, is clearly better suited to racing on the AW. It's interesting she has been seen just once in handicap company, an outing that resulted in a three-length Class Three success over 1400m at Chantilly (AW) back in March this year. The François Monfort-trained filly has had just the five starts on the AW and with that aforementioned handicap success coming off 2.5kg higher than her current mark of 32, it's not hard to see her winning under suitable conditions.

This Francis-Henri Graffard-trained three-year-old looks a winner in the waiting following three decent runs to date. It was a pleasing effort from the front when he finished a one-and-a-quarter length third in a 1800m Evreux maiden on his second outing and he built on that when runner-up over 1650m at Agen last-time-out. A nicely bred gelding by Tamayuz out of a Giant's Causeway mare he looks just the type to improve with racing and experience. A trip of 1600m-2000m could prove optimum on pedigree and what he has shown thus far.

Kotari has a beautiful Black Type pedigree and looks ready to shed his maiden tag after five racecourse starts. Although he found Group Three company too much, he has placed multiple times in maiden company, and it seems only a matter of time before he breaks through for a win. As a son of Nathaniel, it would be no surprise if the colt improves for a step up in trip to 2400m.
